Provided below are your organisation's responses to the questions within the APCO Annual Report.

Criteria 1

Governance & Strategy

Does your organisation have a strategy that includes goals for packaging sustainability that addresses the Sustainable Packaging Guidelines (SPGs) or equivalent?

 Yes No

The SPG's are used when we are looking to design new products. There is a section of the New Product Brief (QSFR-158 NPD Brief) that ensures the new packaging takes the SPGs into account

Criteria 2

Do you use the SPGs to review your packaging?

 Yes No

Are you keeping records of the outcomes of your reviews using the SPGs?

 Yes No

Please provide an example of a positive outcome you have achieved.

Applied for ARL on hearts 6 pack and the review queried the number of packaging items required, so we have redesigned the pack to lose 2 of the packaging elements and minimise the weight.

How many reviews did you conduct during the reporting period?

The evidence is in our NPD archives, which document the process, NPD meeting minutes and actual changes to achieve a better outcome (ie moving from acetate to PET in tubs/cartons.)
